Prior to the release, we are also looking for donations to help fund for the game. Without the funds, M will most likely not be able to keep the game up. Making games cost a lot of money.

With just the launch & website domains, M has spent about \$1500. Considering that he is a college student, it's a lot of money to be spending on his own time.

If you have any questions, send me an e-mail.
